On June 10, 2014, the Water Resources Reform and Development Act of 2014 (WRRDA) was signed into law. Among its provisions are amendments to the Federal Water Pollution Control Act (FWPCA) including Section 602(b)(13) which requires that the CWSRF assistance recipient:

- (A) has studied and evaluated the cost and effectiveness of the processes, materials, techniques, and technologies for carrying out the proposed project or activity for which assistance is sought under this title.*
- (B) has selected, to the maximum extent practicable, a project or activity that maximizes the potential for efficient water use, reuse, recapture, and conservation, and energy conservation, taking into account--*
 - (i) the cost of constructing the project or activity;*
 - (ii) the cost of operating and maintaining the project or activity over the life of the project or activity; and*
 - (iii) the cost of replacing the project or activity. 33 U.S.C.1251 et seq.*

Recipient certifies that the above referenced project meets the requirements set forth in Section 602(b)(13) of the FWPCA. Recipient also certifies that the documentation justifying this certification will be made available upon request.

Recipient understands that falsifying information on this certification may be grounds for termination of the SRF loan agreement.
